

SAHAYA SEVA NIDHI TRUST
CORONA VIRUS - SURGICAL MASKS PROJECT- BENGALURU

Hi Everyone,

Amidst the Pandemic that has hit the entire world, the healthcare professionals and scores of other people are risking their lives by fighting this battle against the virus, at the forefront.

While the doctors and other healthcare professionals are out there, 24x7 trying to treat patients, they need to be protected from the deadly virus. Due to the unexpected scale of the pandemic, lots of these workers are left without the essential protective gear, such as the mask. To try and help fill this gap, our trust is taking the initiative to work with doctors to take their requirements for the mask, and having a select few designers produce them through hygienic and sterile processes, to create as many **DOCTORS CERTIFIED MASKS** as required to help those facing the Corona Virus on a daily basis.

These Masks will be distributed free of cost to people who need it. We are all in it, TOGETHER and all of us need to join hands to overcome it.

There are 2 things we require help with, from you:

1. Please Help Us Find and Reach Out to The People Who Need the Masks

- It could be YOU
- Your local practicing DOCTOR
- GOVERNMENT HOSPITALS
- HEALTH CARE CAMPS
- VENDORS selling essentials like vegetables

2. Sponsor A Mask – Details of the mask –

- Doctor Certified
- Each mask costs about Rs. 45
- **Washable and Reusable**
- Multi layered cotton masks, with Felt layers in between for maximum filtering
- Prewashed fabrics with Dettol and sundried before for maximum sterilization

Who to get in touch with:

If you have contacts for us to government hospital doctors, or anyone in need, or would like to SPONSOR or get in touch with for any other information, please reach out to Vishnu or Varsha on WhatsApp:

Vishnu: +91 9535327562 ; Varsha: +91 9108933893.
